

Do NOT weaken Wisconsin's No-call legislation by imposing your mild-mannered excuse for no-call legislation on this state. I feel "NO-CALL" should mean exactly that--with NO exceptions! If I want an organization or politician to call me, I should have the right to let them know. Just because I have a phone number, does not give anyone the right to invade my provacy. I am very nasty to EVERY telephone solicitor and will continue to do so. NO-CALL should mean NO-CALL!
